# Press Release

## Company Name Partners with Charity Storage to Raise Funds for Our Charity

**Our Town, ST – Month ##, 201#:** **Our Company** has partnered with **Charity Storage**, a national non-profit, **501(c)3** (Tax ID # 45-3253579) organization that leverages the increasing popularity of storage auctions. It introduces a charity component to existing storage operations to raise funds for **Our Charity**, **Kure It Cancer Research** and the **Self Storage Association Foundation Scholarship Program**.

**Our Company** has been a part of the **City/Neighborhood** community for **X** years, offering a modern, clean and secure storage option to our neighbors. Recently, our store has become a **Charity Storage Donation Drop-Off Point!** We are committed to engaging with our community and raising funds for causes that make a difference. Help **Our Company** succeed by **donating your gently used or new items** to our **Charity Storage Unit** in exchange for a **Charitable Donation Receipt**. The contents will be auctioned off on **www.StorageTreasures.com** and **60% of the proceeds** will go to **Our Charity!** The remainder will be distributed to **Kure It Cancer Research (20%)** and the **SSAF Scholarship Program (10%)**. Only 10% is retained by charity Storage to help offset administrative costs.

The **Charity Storage Giving Back Program** allows us to facilitate the recent trend to **Reduce, Reuse and Recycle**. It enables **Our Company** to provide a venue to **donate items you no longer need**, such as **vehicles, tools, appliances, camping equipment, furniture, baby items, toys, sporting goods, art, décor, gardening, kitchen, household and office items** to reduce your footprint. In turn, other members of our community may **find value** in those items, whether to **re-sell** or **use themselves**. It is a **win-win scenario** for all those involved!

To learn more about Charity Storage, visit their website at **www.charitystorage.org**. Like them on **Facebook**, follow them on **Instagram, Twitter** and **LinkedIn** to find out how they help the self storage industry **raise fund for charities throughout the United States**.
